EE

- PCB is on the way. Need to check status.
- Test plans are being worked on.
- Neil is too amazing to have to justify his work.
- Alana claimed she studied, but this is doubtful. She lies a lot.
- Jesse kicked ass in Random signals.
- Ketan drank coffee and did stuff.

ME/ID

- Nick got \$1244 quote for case manufacturing. It's coming out of his pocket.
- Rob worked on poster. It will be printed several times on the CEDA plotter.
- Pei is continuing the awesome work he has been doing. He is now a level 67 Orc.

IT

- Dave's menu system works in XNA.
- Claude is finishing maze game in spin and will talk to professors about test plan procedures
- These claims cannot be verified because all they do in that lab is eat doughnuts and pizza.
- Test session with Luke on Monday, January 19 at 10am

**Weekly status reports due for all.**
