Overview

Secure your iPod or MP3 player in place while you drive with the Kensington Car Mount. Its flexible arm positions your iPod in view without taking up space or blocking dashboard controls. The adjustable, padded cradle holds your iPod without scratching. And there's no installation—the unique suction mount grips tightly, yet releases quickly by lifting a lever.

Notice to drivers in California and Minnesota: State law prohibits drivers in California and Minnesota from mounting items on car windows that may obstruct the drivers view. In California and Minnesota or where other state or local laws may prohibit drivers from mounting items on the windshield, drivers should mount the holder on the dashboard or other location. Kensington does not take any responsibility for any fines, penalties, or damages that may be incurred as a result of disregarding state or local laws. (See California Vehicle Code Section 26708(a); Minnesota Statutes 2005, Section 169.71)

Features

- Flexible arm keeps your iPod in view and within easy reach
- Works with nearly all MP3 and iPod music players—even when they're in a case
- Universal mount designed to fit all cars; installs in seconds
- Oversized suction cup is strong enough for even the roughest roads
- One-button quick release lets you grab your iPod and go
- Adjustable feet prevent your iPod from falling when released
- Includes super strong adhesive pads for alternative mounting locations

Warranty

Two year (For details, please visit www.us.kensington.com/html/1368.html#twoyear.)

Mfr. Part No.: K33412US

Note: Products sold through this website that do not bear the Apple Brand name are serviced and supported exclusively by their manufacturers in accordance with terms and conditions packaged with the products. Apple's Limited Warranty does not apply to products that are not Apple-branded, even if packaged or sold with Apple products. Please contact the manufacturer directly for technical support and customer service.
