

# Design Review Notes

## Display Team

TVS Proj.	70 inch tv D1	210-235 lbs	off fr. of plane
	D2	220-260 lbs	"
	D3	40-45 lbs	
	D4	30-45 lbs	
	D5		off table

Q

Does MOOG want to take off the whole adaptor assembly & leave just the motion table

MOOG likes D4

Larry

Suggested Styrofoam for a curved screen  
 Keep units separate for maintenance  
 (Mentions pilot getting sick)

CG can be ignored

Counter weight on the back  
 1/10th of a G in any axis

## Objectives for Monday

Make task list for the qtr  
~~Make~~ Divide tasks to team members  
 Review meeting points  
 Add Presentation to Edge
