

Attachment Selection Matrix					
	Cost	Safety	Durability	Ease	Total
A	3	3	3	3	12
B	1	2	3	2	8
C	1	3	1	1	6
D	2	1	2	3	8

Notes:

<i>Provides cheapest and easiest way to replace canvas while still providing tension</i>
<i>Same pros as A but would require significant work on new fabric</i>
<i>Expensive and does not offer any adjustment in tension</i>
<i>Wastes area on sleeping surface and requires many more springs</i>

Description	
A	springs attach to lower frame cross members
B	tie downs attach to lower frame cross members
C	clips mounted on frame (shown below)
D	springs attach to outer frame (shown below)
