

P14474

System Designs

| Mount test enclosure | Pressure Control | Test Control | Measure Pressure | Measure Time | Data Transmission | Protect Device |
|-----------------------------|-------------------------|---------------------|-------------------------|---------------------|--------------------------|-----------------------|
| Rigid Piping | Variable Pressure | Digital Controller | Digital Sensor | Mechanical | Wires | Physical Shield |
| Flexible Hose | Valve System | Mechanical Control | Analog Sensor | Digital | Wireless | Electromagnetic field |
| Magnets | Hydraulic Ram System | Manual Control | Mechanical Gauge | Hourglass | Carrier Pigeon | Air Jets |
| Direct Connection | | Hydro Control | | Solar | Mechanical | Water Jets |
| Hybrid Piping | | | | | | |

| Hold Components | Display Results |
|------------------------|------------------------|
| Manifold | Audio Feedback |
| Inline Components | Digital Display |
| Inside Test Enclosure | Analog Display |
| | Tactile Feedback |
| | Hybrid Display |
