Product Description Specifications Video

Stay Bowl with handle and non-skid base helps people who have difficulty eating due to lack of upper body and/or extremity control

- Ergonomic, soft-feel handle balances and stabilizes the bowl on the table while simultaneously providing support to the upper body enabling a more controlled movement of food to the mouth
- Lifting rim, opposite the handle, provides extra stabilization when lifting and transporting the bowl
- Spouts on both sides of the bowl allow for controlled flow of liquid from the bowl to the mouth
- Unique design helps eliminate spills while transporting or eating away from a table
- Non-skid base prevents sliding
- 10 oz. (473 ml) capacity allows for 3/4" (1.9 cm) from the fluid to the rim of the bowl
- Made from polycarbonate; scratch resistant, dishwasher and microwave safe

Warranty: 12 months parts and labor. [Click here to get the full warranty and warranty card.](#)
