

Team: P17310

Engineer: Wilson Quizhpi, Electrical Engineer

Entering Phase: 4

What do I plan on doing to ensure that Team P17310 has a successful Phase 4 review?

1. Start assembling junction box for latch (1 week)
2. Start Integration of mechanical and electrical components for Latch Mechanism with Sarah and Ahmed (1 week)
3. Continuation of Bluetooth communication testing. (1 week)
