

Team: P17310

Engineer: Wilson Quizhpi, Electrical Engineer

Entering Phase: 3

What do I plan on doing to ensure that Team P17310 has a successful Phase 3 review?

1. Build the connection circuit for Shutter motor and latch mechanism motors with Ahmed (1 week)
2. Work with Sarah on continue advances on latch mechanism.
3. Look into Bluetooth communication. (1 week)
4. Assist with the control system and cable management while waiting for latch system control components.
