

Team: 18262 _____

Engineer: Steve Titus _____

Entering Phase: MSD II

What was did I plan for the detailed design review, and what did I get done?

1. I planned to get the firmware architecture setup. I worked with EVT's firmware team to get that done
2. I planned to create a firmware test plan. I made a test plan and a template to improve upon the given MSD test plan template. I used the template to make my testplan.

What do I plan on doing to ensure that Team P18262 has a successful MSDII?

1. I plan on getting setup with EVT's firmware tool chain and begin writing drivers and code needed for Firmware testing
2. I plan on helping Murali with the SOC chip validation
