

Team: P18371 Engineer: Elias Melul Fresco

Entering Phase: 1, MSDII

What do I plan on doing to ensure that Team P18371 has a successful MSD 2 Phase 1 review?

1. Develop tasks for the following phase
2. Schedule tasks and distribute them among team members
3. Calculate critical path
4. Iteratively update team members with new tasks, modifications to design and status
5. Assist in the fabrication process and machining
6. If necessary, talk to SMEs and vendors to determine integration of sensors

You will answer these three questions when you submit at the end of MSD 2 Phase 1

1. What did I actually do?
2. What did I learn?
3. What do I plan on doing to ensure that Team P18371 has a successful Phase (5) review?
