

**Team: P18371**

**Engineer: Sabrina Levitan**

**Entering Phase: 4**

**What do I plan on doing to ensure that Team P18371 has a successful MSD 2 Phase 1 review?**

1. Port spring calculator into MATLAB
2. Develop plan for MATLAB final deliverable
3. Pick final sensors
4. Learn how to machine

**You will answer these three questions when you submit at the end of MSD 2 Phase 1**

1. What did I actually do?
2. What did I learn?
3. What do I plan on doing to ensure that Team P18371 has a successful Phase (5) review?
