

Team: P18371

Engineer: Antoun Obied

Entering Phase: 1, MSD II

What do I plan on doing to ensure that Team P18371 has a successful MSD 2 Phase 1 review?

1. Maintain budget and BOM
2. Request items for delivery when needed
3. Stay ahead of time as much as possible when ordering materials
4. Assist in refining design as much as possible

You will answer these three questions when you submit at the end of MSD 2 Phase 1

1. What did I actually do?
2. What did I learn?
3. What do I plan on doing to ensure that Team P18371 has a successful Phase (5) review?
