

Team: MSD - P19105 Engineer: Stelios Moisisdis

Entering Phase: 8 - Customer Handoff and Final Documentation

What do I plan on doing to ensure that Team P19105 has a successful Phase (8) review?

Task 1: Ensure all equipment is ready to go for testing April 15th, 2019.

Task 2: Collect all data and process properly for review after the launch.

Task 3: Ensure all equipment is properly hardened and is not damaged during any firing.

You will answer these three questions when you submit at the end of Phase (4).

Task 1:

Task 2:

Task 3:

What have I learned as an engineer?
